About me

Detail-oriented **MCA** student at **Cochin University of Science and Technology** with a solid foundation in software development, databases, and front-end technologies. Proficient in Java, key frameworks with hands on experience in problem-solving skills, research capabilities, and a strong ability to collaborate effectively. Eager to contribute effectively in dynamic, team-oriented environments.

Education

Cochin University of Science and Technology, kochi   2023-2025
- Master of Computer Applications   CGPA: - 9.5/10

Maulana Mazharul Haque Arabic & Persian University   2019-2022
- Bachelor of Computer Applications   Percentage: - 76.92

Technical Skills

- **Languages:** Core Java, C, Python, JavaScript, HTML, CSS
- **Developer Tools:** VS Code, Git, GitHub
- **Databases:** MySQL, MongoDB
- **Course:** Basic Data Structures and Algorithms, Object Oriented Programming, Operating System, Database Management System, Computer Networks, Machine Learning

Soft Skills

- Communication skill, decision-making, management skill

Internship

IBM SKILLSBUILBD INTERNSHIP PROGRAM certificate   June-July 2024
- Developed a Wellness Whisper Chatbot using **IBM Watsonx** for anxiety and depression consultation, demonstrating proficiency in basic AI and natural language processing.
- **Technologies that I learned: -** Fundamental AI and use of **IBM watsonx**

Projects

Food Chatbot   GitHub   Live   June 2024
- **IBM watsonx** Assistant project
- Developed a chatbot system for giving information and price about food item.
- **Technologies Used: -** IBM watsonx, HTML, CSS, JavaScript.

Car Race   GitHub   Live   January 2024
- It is simple car race game, a single player plays this game at a time
- **Technologies Used: -** HTML, CSS, JavaScript

Certificates

- **Software Engineer Intern** – HackerRank
  - Developed problem solving skills and basic DSA during this coding challenges.
- **Getting Started with Artificial Intelligence - IBM SkillsBuild**
  - Developed a foundational understanding of AI concepts, including machine learning, and NLP
- **Artificial Intelligence Fundamentals- IBM SkillsBuild**
  - Enhanced knowledge of AI algorithms, tools, techniques and applications.

Achievements

- I achieved the **first rank** in my **BCA** final year at my college.
